Denis Fadhili

Geospatial Engineering student || Data Analyst || ML/AI enthusiast
Nairobi County, Kenya

Summary

Denis is a passionate tech student pursuing a degree in Geospatial Engineering, combining a passion for technology with an interest in spatial data analysis and mapping. He is committed to enhancing his skills in geospatial analysis, data visualization, and programming to tackle real-world challenges in spatial data management and analysis. He seeks opportunities with organizations at the forefront of geospatial technology or data-driven decision-making, where he can contribute his skills to innovate and address real-world challenges.

Experience

BrickLabsAI

Data Analyst

August 2024 - Present (3 months)

Nairobi County, Kenya
